TEOXANE LABORATORIES ARE FILLING THE VOID IN LAUNCHING TEOSYAL® ULTIMATE IN A NEW 1ML FORMAT

TEOSYAL® Ultimate is a volumizing hyaluronic acid-based dermal filler already existing in a 3ml version and is **from now available in a new 1ml format** offering a **more versatile use** for practitioners. **TEOSYAL® Ultimate 1ml – with its 27G 1/2" needle** – meets a need expressed by practitioners to have an alternative to handle TEOSYAL® Ultimate and less quantity for smaller corrections.

More manoeuvrable, **TEOSYAL® Ultimate 1ml is easier to handle and allows a better control of the injection** thanks to a **lower extrusion force**. Besides it is important to meticulously respect the depth of the injection: subcutaneous and pre-periosteal.

TEOSYAL® Ultimate allows patients to recover volume loss as the product is dedicated **to fill wide areas**. **Highly cohesive**, TEOSYAL® Ultimate proved its long lasting efficiency over 18 months and successfully met patients' expectations. Besides, its **unique viscoelasticity** makes it an ideal remodeling gel for a **natural facial rejuvenation**.

- Appropriate balance between spreading capabilities and cohesivity;
- High durability;
- Smoothness and natural result.

TEOSYAL® Ultimate 1ml is also available **with lidocaine (0,3%)** for a **maximum comfort** for the patient. With **TEOSYAL® Ultimate 3ml and 1ml references**, TEOXANE Laboratories are completing their volumizing range including TEOSYAL® Ultra Deep – dedicated to volume creation for targeted areas – and thus guarantee a dedicated treatment to every patient's needs for an ultimate satisfaction.
